

Antenna System Services

field service for antenna systems

After working for 40 years at Alcatel Telspace and Thales Alenia Space, I created Antenna System Services.

During my many projects, I had the opportunity to work in several countries around the world.

My company offers services in the field of installation, maintenance and refurbishment of antenna systems in France and abroad

Competences and services

Civil Work

Supervision
in place of the
Templates sealing
of antenna anchors

Mechanical
